COMMENTS INVITED ON APPLICATION OF TW TELECOM OF IDAHO LLC TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

WC Docket No. 14-149
Comp. Pol. File No. 1171

Comments Due: September 29, 2014

Section 214 Application

Applicant: tw telecom of idaho llc

On **August 28, 2014**, **tw telecom of idaho llc** (TW Telecom or Applicant), located at **10475 Park Meadows Drive, Littleton, CO 80124**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue certain domestic telecommunications services in the Boise, Idaho metropolitan area (Service Area).¹

TW Telecom indicates that it currently offers the following services in the Service Area: VersiPak Mach2 Service, VersiPak Mach3 Service, VersiPak Lines and Trunks Service, VersiPak IPRI Service, VersiPak Service Packages, VersiPak Flex® T Service, VersiPak Power® T Service, Basic Business Line Service, Business Terminals Service, PBX Analog Trunk Service, PBX Digital Trunk Service, Direct Inward Dial (DID) Service, and Primary Rate ISDN (PRI) Service (collectively, Affected Services). TW Telecom states that each of its VersiPak offerings is part of an integrated business solution that includes a voice service component along with Internet Access provisioned over a single facility. TW Telecom adds that the rest of the Affected Services are standalone business voice service offerings. TW Telecom specifies that its VersiPak Mach2 Service and VersiPak Mach3 Service are services that consist of integrated voice and Internet bandwidth. TW Telecom states that its VersiPak Lines and Trunks Service is the voice portion of an integrated, multi-service, packet-based access service that delivers voice and data services over a single DS1. TW Telecom describes its VersiPak IPRI Service as an integrated, packet-based access solution designed to deliver PRI and Internet services over a single DS1. In addition, TW Telecom explains that its VersiPak Service Packages, VersiPak Flex® T Service, and VersiPak Power® T Service are bundled services consisting of local exchange service with selected features. According to TW Telecom, Basic Business Line Service provides voice-grade telephonic communications channels, and PBX Analog Trunk Service provides a voice-grade telephonic communications channel, that can be used to place or receive one call at a time. TW Telecom explains

¹ TW Telecom states that it is also filing notice of the proposed discontinuance with the International Bureau. Discontinuance of international service is governed by section 63.19 of the Commission's rules. *See* 47 C.F.R. § 63.19.

that its Business Terminals Service provides a physical appearance in the switch and is assigned to a unique channel. TW Telecom also indicates that its PBX Digital Trunk Service provides a DS1 connection between customer-provided PBX equipment or trunk capable key systems and the TW Telecom switch. DID Service is described by TW Telecom as a service that allows a PBX user to have incoming calls reach a specific user without the assistance of an attendant. TW Telecom further describes its PRI Service as a service that allows a connection between ISDN Customer Premises Equipment and TW Telecom switching equipment, using a Primary Rate Interface over a digital transport facility.

TW Telecom indicates, however, that as a result of the planned decommission of a TW Telecom Boise voice switch it intends to discontinue the voice service component of all of the Affected Services in the Service Area on or after October 15, 2014, subject to Commission authorization. TW Telecom maintains that the public convenience and necessity will not be adversely affected by the proposed discontinuance because all affected customers have been given notice that affords them ample time to acquire reasonable substitute services that are readily available in the Service Area and that include, but are not limited to, other services offered by TW Telecom. TW Telecom states that affected customers were notified of the proposed discontinuance by letters sent via U.S. mail on August 28, 2014. TW Telecom further asserts that it is considered a non-dominant carrier in its provision of the Affected Services in the Service Area.

In accordance with section 63.71(c) of the Commission's rules, TW Telecom's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies TW Telecom that the grant will not be automatically effective. In the application and notice to customers, TW Telecom indicates that it plans to discontinue the voice service component of all of the Affected Services in the Service Area on or after October 15, 2014, subject to Commission approval. Accordingly, pursuant to section 63.71(c) and the terms of TW Telecom's application and notice, absent further Commission action, TW Telecom may discontinue the voice service component of the Affected Services in the Boise, Idaho metropolitan area on or after **October 15, 2014**. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

Comments objecting to this application must be filed with the Commission on or before **September 29, 2014**. Such comments should refer to **WC Docket No. 14-149 and Comp. Pol. File No. 1171**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. *See Electronic Filing of Documents in Rulemaking Proceedings*, 63 FR 24121 (1998). Comments may be filed electronically using the Internet by accessing the ECFS: <http://fjallfoss.fcc.gov/ecfs2/>. Filers should follow the instructions provided on the Web site for submitting comments. Generally, only one copy of an electronic submission must be filed. In completing the transmittal screen, filers should include their full name, U.S. Postal Service mailing address, and the applicable docket or rulemaking number.

Parties who choose to file by paper must file an original and one copy of each filing. Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail. All filings must be addressed to the Commission's Secretary, Office of the Secretary, Federal Communications Commission. All hand-delivered or messenger-delivered paper filings for the Commission's Secretary must be delivered to FCC Headquarters at 445 12th Street, S.W., Room TW-A325, Washington, D.C. 20554. The filing hours are Monday through Friday, 8:00 a.m. to 7:00 p.m. All hand deliveries must be held together with rubber bands or fasteners. Any envelopes and boxes must be disposed of before entering the building. Commercial overnight mail (other than U.S. Postal Service Express Mail and Priority Mail) must be sent to 9300 East Hampton Drive, Capitol

Heights, MD 20743. U.S. Postal Service first-class, Express, and Priority mail must be addressed to 445 12th Street, S.W., Washington, D.C. 20554.

Two copies of the comments should also be sent to the Competition Policy Division, Wireline Competition Bureau, Federal Communications Commission, 445 12th Street, S.W., Room 5-C140, Washington, D.C. 20554, Attention: Carmell Weathers. In addition, comments should be served upon the Applicant. Commenters are also requested to fax their comments to the FCC at (202) 418-1413, Attention: Carmell Weathers.

This proceeding is considered a “permit but disclose” proceeding for purposes of the Commission’s *ex parte* rules.² Persons making *ex parte* presentations must file a copy of any written presentation or a memorandum summarizing any oral presentation within two business days after the presentation (unless a different deadline applicable to the Sunshine period applies). Persons making oral *ex parte* presentations are reminded that memoranda summarizing the presentation must (1) list all persons attending or otherwise participating in the meeting at which the *ex parte* presentation was made, and (2) summarize all data presented and arguments made during the presentation. If the presentation consisted in whole or in part of the presentation of data or arguments already reflected in the presenter’s written comments, memoranda or other filings in the proceeding, the presenter may provide citations to such data or arguments in his or her prior comments, memoranda, or other filings (specifying the relevant page and/or paragraph numbers where such data or arguments can be found) in lieu of summarizing them in the memorandum. Documents shown or given to Commission staff during *ex parte* meetings are deemed to be written *ex parte* presentations and must be filed consistent with rule 1.1206(b). In proceedings governed by rule 1.49(f) or for which the Commission has made available a method of electronic filing, written *ex parte* presentations and memoranda summarizing oral *ex parte* presentations, and all attachments thereto, must be filed through the electronic comment filing system available for that proceeding, and must be filed in their native format (*e.g.*, .doc, .xml, .ppt, searchable .pdf). Participants in this proceeding should familiarize themselves with the Commission’s *ex parte* rules.

People with Disabilities: To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an e-mail to fcc504@fcc.gov or call the Consumer & Governmental Affairs Bureau at (202) 418-0530 (voice), (202) 418-0432 (tty).

For further information, contact Carmell Weathers, (202) 418-2325 (voice), Carmell.Weathers@fcc.gov, or Kimberly Jackson, (202) 418-7393 (voice), Kimberly.Jackson@fcc.gov, of the Competition Policy Division, Wireline Competition Bureau. The tty number is (202) 418-0484. For further information on procedures regarding section 214 please visit http://www.fcc.gov/wcb/cpd/other_adjud.
